

## Product Specifications

### Compound Information

|                         |           |   |       |
|-------------------------|-----------|---|-------|
| Product Name: 2-氨基噁唑    |           |  |       |
| EN Name: 2-Aminooxazole |           |   |       |
| Product No:             | A38550    |   |       |
| CAS:                    | 4570-45-0 | Molecular Weight:   | 84.08 |

### Quality Control Information

|                                |  |
|--------------------------------|--|
| Test:                          | Norm:                                    |
| Purity                         | 97%                                      |
| Appearance                     | White to yellow-brown powder or crystals |
| Carbon By Elemental Analysis   | 41.3-44.4%                               |
| Nitrogen By Elemental Analysis | 32.1-34.5%                               |
