

## Product Specifications

|         |                                     | Structure: |
|---------|-------------------------------------|------------|
| Name    | 硫酸镍铵, 六水合物                          |            |
| EN Name | Ammonium nickel sulfate hexahydrate |            |
| Catalog | A49120                              |            |
| CAS     | 7785-20-8                           |            |
| M. F.   | H N Ni O S                          |            |
| M. W.   | 394.99                              |            |

| Test        | Norm                       |
|-------------|----------------------------|
| Purity      | 98%                        |
| Chloride    | 0-0.001%                   |
| Cobalt (Co) | 0-0.01%                    |
| Appearance  | Green to blue-green powder |

Shanghai AcmeC Biochemical Co., Ltd.
