

Product Specifications

Compound Information

| | | | |
|-----------------------|-----------|---|--|
| Product Name: 切片石蜡 | |  | |
| EN Name: Paraffin wax | | | |
| Product No: | P46561 | | |
| CAS: | 8002-74-2 | Molecular Weight: | |

Quality Control Information

| | |
|-------------------|--------------------------|
| Test: | Norm: |
| Melting Point(°C) | 54-56°C |
| Appearance | Colorless or white solid |
