

Product Specifications

Compound Information

Product Name: 聚醚F188, average Mn 8000-10000			
EN Name: Poloxamer Solid			
Product No:	P85961	Molecular Formula:	
CAS:	9003-11-6	Molecular Weight:	

Quality Control Information

Test:	Norm:
Appearance	White to yellowish flakes
pH	5-7
Molecular Weight	8000-10000
