

## Product Specifications

### Compound Information

|                                 |            |                   |                                  |   |
|---------------------------------|------------|-------------------|----------------------------------|---|
| Product Name: 2-噻吩甲胺            |            |                   |                                  |  |
| EN Name: 2-Thiophenemethylamine |            |                   |                                  |   |
| Product No:                     | T43190     | Molecular Fommla: | C <sub>5</sub> H <sub>7</sub> NS |   |
| CAS:                            | 27757-85-3 | Molecular Weight: | 113.18                           |   |

### Quality Control Information

|                       |                            |
|-----------------------|----------------------------|
| Test:                 | Norm:                      |
| Appearance            | Colorless to yellow liquid |
| Purity                | 97%                        |
| Structure             | Conforms to structure      |
| Water By Karl Fischer |                            |
