## Product Specifications

Structure:

|         |                |
|---------|----------------|
| Name    | 氢氧化锌           |
| EN Name | Zinc hydroxide |
| Catalog | Z47590         |
| CAS     | 20427-58-1     |
| M.F.    | HO ZN          |
| M.W.    | 101.44         |

| Test         | Norm                 |
|--------------|----------------------|
| Purity       | AR                   |
| Solubility   | slightly soluble H2O |
| Chlorine(Cl) | 0-0.005%             |
| Sulfate(SO4) | 0-0.02%              |

|                  |          |
|------------------|----------|
| Nitrate(No3)     | 0-0.02%  |
| Fe               | 0-0.002% |
| Heavy Metals(Pb) | 0-0.005% |
